

# NM Prader-Willi Syndrome Project

## **APRIL 2021**

Happy Spring, hope you are enjoying the warmer weather and longer days! I've been wondering, have you checked out our NM PWS Project website?

*If you have, what would you like to see on the website? We would love to get your feedback! If you have not, what are you waiting for??*

Our intention is to provide you with the support to continue the great work you do. We are developing the website to make it your one-stop "shop" for PWS information and resources. Currently, the website includes:

- **General information about the Project**
- **Monthly newsletters**
- **\*Free\* PWS online trainings**

You can access the website at:

<https://www.arcaopeningdoors.org/arca-pws/>

**Please consider subscribing to the monthly newsletter to get them straight to your email and reduce our carbon footprint! Thank you!**
