

NM Prader-Willi Syndrome Project
AUGUST 2021

Mark your calendars! PWSA USA is offering a free webinar on homeschooling and PWS on **Monday, August 9th, 2021 at 5:30 pm MDT**

The Covid-19 pandemic has led some families to explore other educational options, and some have made the decision to homeschool. The two presenters have many years of experience homeschooling their children with PWS. They will be sharing information about curriculums, services, and socialization.

For more information and to register in advance for the webinar, please visit:
